

WE OFFER HANDS FREE BLUE TOOTH SOLUTIONS FOR YOUR TWO-WAY RADIO

Our Bluetooth accessories allows you to use a compatible wireless Bluetooth headset or other audio accessory with your two-way radio. Code Red provides secure and reliable wireless communications when you're on the field. We offer Bluetooth solutions for all industries including Law Enforcement, Recreational Sports, First Responders and Industry Professionals. Check out our website or contact us to see what Bluetooth solutions we have for you!

RECREATIONAL SPORTS

Blue Link Adapters

Our codeRed BlueLink Bluetooth Adapter attaches directly to your two-way radio. No batteries or recharging required.

These brands of Bluetooth earpieces work best with our BlueLink adapters: Plantronics, Jabra, Jawbone, Blue Parrot and SENA.

*Does not pair with hearing aids.

For recreational enthusiasts like hang gliding, skydiving and airsoft, our BlueLink adapters work great with a Bluetooth headset when you need hands-free communications. Popular radio brands such as Yaesu and Kenwood are compatible with our adapters. Simply plug the adapter into the radio and begin pairing your Bluetooth devices.

INDUSTRY PROFESSIONALS

We carry Bluetooth adapters for the most popular radios for industry professionals such as Motorola, Kenwood and Vertex. Our Bluetooth products also include the BPSM Speaker Mic and a High Noise Over Head Strap Headset which can be paired with our BlueLink adapters.

When law enforcement needs covert surveillance, our WCK Wireless Covert Kit and BlueLink Lapel Mic can last up to 10 hours of operation time and about 50 hours of standby time. Perfect for hands-free operations in surveillance details, executive security and public safety.
