

# NEW FROM CODE RED HEADSETS!

## ✂ Tactical Bone Conduction Headset

- » Bone conduction technology provides situational awareness.
- » Can be used with or without hearing protection.
- » Headband with flexible frame for secure fit.
- » Easy to locate Heavy duty military style push-to-talk.
- » Noise cancelling boom microphone picks up a whisper.
- » High grade Kevlar reinforced cable.
- » Modular design provides flexible mounting solutions.
- » Compatible with all popular radio models including Motorola, Kenwood, Harris, HYT and Vertex radios.
- » Replacement cords can easily be replaced if radio models change.

Fits under most helmets.

Available at any authorized **Code Red Headsets** dealer.
